# REPORT OF THE VISITORS TO THE QUARTER SESSIONS.

---

## NORTHUMBERLAND.

---

*To Her Majesty's Justices of the Peace for the County of Northumberland in Quarter Sessions assembled, on the 4th day of January, 1865.*

Your Committee, the Visitors of the County Pauper Lunatic Asylum at Cottingwood, are required at this period of the year, to make their Annual Report to the Bench, under the terms of the Statute (16 & 17 Vic., c. 97, sec. 62.)

Your Committee have again to state, that the Asylum is in a very efficient state and condition, and fully provides for the accommodation of the Officers and Inmates, if the numbers do not increase beyond what they have been during this year.

In our last year's Report, there were in the House on the 21st December, 1863, 120 Males and 109 Females (total 229), and at this time (19th December, 1864) there are 132 Males and 124 Females (in all 256).

Your Committee continue to be satisfied with the management of the Asylum, under the charge of Mr. Richard Wilson, the Medical Superintendent, and of Mr. Hughes his Assistant, as well as with the attention and care of the Rev. Thomas Finch, the Chaplain. The conduct of the other Officers and Servants of the establishment, and the mode in which they have discharged their respective duties, have also given satisfaction.

The cost of maintenance for the year ending 31st December, 1863, was 9s. 11d. per week for each Patient, and for the year which will end on the 31st December, 1864, it has been the same. Although the cost of Provisions and Clothing is dearer than during the year preceding, yet your Committee do not find it necessary to make any alteration in the weekly maintenance.

For all matters of detail, your Committee refer as usual to the Report of the Medical Superintendent, and which will be presented to the Bench at the next Easter Sessions.

The Commissioners in Lunacy visited the Asylum on the 29th January last, and made a most favourable Report on the state of the Asylum and its mode of management, and a copy thereof will be given in the Report of the Medical Superintendent.

Your Committee beg to mention, that they have now completed the detached Chapel, so strongly pressed upon their attention by the Commissioners in Lunacy and sanctioned by your Bench. It is used every Sunday and is found very convenient, and with ample accommodation for every one. This building was opened on the 12th September last.

The Room in the House used as a Chapel, is now appropriated as a Recreation and Work Room, as recommended by the Commissioners, and as stated in our last year's Report.

The numbers in the Asylum being so great, your Committee are under the impression, that they will have to enlarge it, but they can do so, by adding a storey to an out building on the men's and women's sides; they will delay this as much as possible, and if it becomes necessary, they will report specially to the Bench, before taking any steps.

On the 15th of November last, an explosion of Gas took place at the Asylum Gas Works; it had its origin in the Purifying House where the Lime Chests are placed. There is only a wall between those chests and the fires under the Retorts; it is supposed that the heat had caused some crevice in the wall, and that waste gas from

the purifiers had accumulated in this Room and exploded. Happily there was no loss of life, but the Gasman was a little stunned, and the roof of this low building was blown off, and some other portions of the premises damaged. There was no blame attached to any of the parties at the Gas Works, but rather in the original construction of the Works. Your Committee have called in Mr. Arnott, of the Newcastle Gas Works, to advise as to the best method to be adopted to prevent such an occurrence in future.

Your Committee find that there is a difficulty in lighting the Gaol with Gas from the Asylum Works, and if Mr. Arnott is not able to remedy the defects, it may be necessary to discontinue supplying the Gaol from this source.

The Grounds about the Asylum are now in good order, by means of work done by the Patients. Walks have been made—gardens improved, and every part of the premises shews the value of the employment which many of the male inmates have performed.

Several necessary alterations have been made at the Asylum, of great convenience and at no great cost, which has tended much to the more easy management of the Institution and comfort of the Patients.

Your Committee request that at the next Sessions, some Members of the Bench, not being less than seven, may be elected as Visitors of the Asylum for the ensuing year; the present Committee may be re-elected, and a list of their names accompanies this Report.

*Dated at the Asylum, this 19th day of December, 1864.*

*(Signed.)*

A. J. BAKER CRESSWELL,  
CHAIRMAN.

## CONFIRMATION OF COMMITTEE'S REPORT.

County of  
Northumberland.

1865.

*At the General Quarter Sessions of the Peace of our Lady the Queen, held at the Moot Hall, in and for the said County, on the fourth Day of January, in the twenty-eighth Year of the Reign of our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, before Her Majesty's Justices of the Peace assigned to keep the Peace in the said County, and also to hear and determine divers Felonies, Trespasses, and other Misdemeanors, done and committed therein.*

### PAUPER LUNATIC ASYLUM, (Annual Report and Election of Visitors.)

The Visitors of the Pauper Lunatic Asylum for this County, having presented their Annual Report, according to the Statute (16 & 17 Victoria, cap. 97, sec. 62), which was read and considered; Ordered that the same be and it is hereby approved of, and that it be entered upon the Records of this Court immediately after this Order, and it is further Ordered, pursuant to the Statute (16 & 17 Victoria, cap. 97, sec. 22), that the following Justices of the Peace for this County be, and they are hereby appointed, Visitors of this Asylum for the year ensuing, namely :—

# SUPERINTENDENT'S ANNUAL REPORT.

*Northumberland County Asylum,  
Cottingwood, Morpeth, January 1st, 1865.*

GENTLEMEN,

I beg respectfully to lay before you, as heretofore, my Annual Report of this Asylum for the past year, (the sixth since its opening,) together with the usual Statistical Tables.

The number of Patients in the Asylum, on the first of January, 1864, was 228, viz; 119 men, and 109 women.

The admissions during the year have been 72, viz; 35 men and 37 women, making a total under treatment of 300. Of these 24, (11 men and 13 women) have been discharged recovered, 1, (a female) discharged relieved, at the request of friends, and 17 have died, leaving in the Asylum this day, 258,—133 men and 125 women.

The following Table which is in the form required to be sent to the Commissioners in Lunacy, at the commencement of every year, shews at a glance the Admissions, Recoveries, and Deaths, together with other particulars respecting the Patients remaining in the Asylum at this date.

(a)—Patients confined under Secretary of State's Warrant. (b)—Pauper Patients, whose settlements cannot be ascertained.

With regard to the column of those deemed curable, in the above Table, I would observe, that though the number may appear a large proportion of the Patients, yet that all are so considered, for whom there is the slightest possible hope, although the attack may have been of some duration, and the cure not very probable; those only being

classed as incurable, where there are complications of Insanity with General Paralysis or Epilepsy, or whose cases have been of very long standing indeed, and shew a permanent lesion of Brain ; together with others who are of that advanced age, or are suffering from such bodily ailments, as to preclude all hope of their being ever able to be discharged recovered.

Of those admitted, 4 men and 3 women had previously been inmates of the Asylum, one of the women being the one already mentioned as discharged relieved, at the request of her friends, upon giving the legal undertaking that she should be properly taken care of, and be no longer chargeable to any Union. The clause in the Act, which permits this, appears almost useless.

Seven of the male Patients, who were admitted, shewed more or less signs of labouring under General Paralysis, and many, more especially among the females, were in an exceedingly weakly state, several appearing hardly likely to survive many days, and one died within 24 hours after her admission.

Seventeen men and eleven women, of those admitted during the year, were reported also as suicidal. For particulars of the admissions with respect to the Form of Insanity, I would beg to refer you to Table 4 in the appendix.

The number of those discharged recovered in the course of the past year has been much smaller than during the two preceding ones, being only 24, as compared with 33 in 1862, and 44 in 1863. The per-centage of cures on admissions, also, was only 33·3, as compared with 61, the year preceding. The per-centage of Deaths was 5·66.

With regard to the causes of Death, it will be seen by reference to Table No. 13, that General Paralysis, Pulmonary Consumption, and Exhaustion after Maniacal Excitement, were the predominating ones ; I am thankful to have to report that no death from suicide, or from any accidental source has occurred during the year, and in no instance has the Coroner deemed it necessary to hold an enquiry. The sanitary state of the Asylum has been on the whole good, and we have been free from any epidemic.

The occupation of the Patients in various ways has been continued much as in previous years and attended with great benefit ; all, who are at all able, being put to some employment as quickly as possible after their admission. By referring to the extracts from the Employment Books, given with the Tables at the end of this Report, it will be seen that on an average, 82 of the men and the same number of the women are daily and usefully employed. The majority of the men, as usual, in out-door work at the Farm, and in the land and gardens generally, and latterly in forming walks and otherwise laying out the piece of land surrounding the New Chapel, which, when planted, as I trust we shall be able to do in the Spring, will add much to the general improvement of the grounds. A list of the work done by the male Patients and attendants in the different workshops, and by the female Patients in the Sewing-room is also appended.

The recreation of the Patients has not been lost sight of, as the great adjunct to employment, in promoting their recovery.

The dance is kept up weekly and never seems to flag, and to other sources of amusement during the Winter months, a Magic Lantern has been lately added, which I hope by means of Lectures may hereafter be made still more productive of good, by combining instruction with amusement. Since the opening of the New Chapel, we have had the benefit of the former Chapel as a Recreation Hall, and when the erection of a Balcony for the Orchestra, and the other alterations now in progress are completed, it will make an excellent room for the purpose.

In accordance with the order of the Committee, the New Chapel was formally opened on Monday, the 12th of September last. A procession was formed from the Asylum, and a full choral service was given by the Choir of the Parish Church. The Sermon was preached by the Rector of the Parish, the Hon. & Rev. F. R. Grey ; the Chaplain, and others of the local Clergy, taking part in the other portions of the service. It was attended

by a large number of the Patients, who, I am sure, by their devout demeanour and earnest attention, would prove to those Members of the Committee who were present, their due appreciation of the place of Worship which had been provided for them.

I am sorry to have to record that during the past year we have experienced several disasters connected with the building, some of which might have turned out serious. In one instance a fire occurred during the night in the Scullery of one of the wards, from the wall behind one of the fire places, not being of sufficient thickness and becoming so heated as to set fire to the flooring and door. It was fortunately discovered before very much damage was done.

In November an explosion took place at the Gas-works, by which considerable damage was done to the building, the roofs of the purifying-house and coal-shed adjoining being blown off, and the walls likewise much injured. It is supposed to have arisen from an escape of gas from the Purifiers, which, accumulating beneath the floor, had escaped through the wall to the retorts adjoining, and had become ignited. It occasioned, I need hardly say, considerable inconvenience in the Asylum. About the same time also, the Boiler in the Wash-house, which both supplied hot water to the wash-tubs, as well as by a flue, from the furnace connected with it, heated the drying closet, became cracked and perfectly useless. For several weeks all the clothes and bedding had to be dried in the Wards and Bath-rooms, occasioning not only much inconvenience from the difficulty of drying, but being also detrimental to the health of the Patients, and incurring much risk from fire. A Boiler with convoluted hot water pipes, (in addition to another boiler for heating the water for washing,) is now being fitted up, which, I trust, may efficiently answer its purpose.

The past year has, however, not been without its bright side. The New Chapel was opened, as already mentioned. The Brew-house has also been completed, and we are now only waiting for a Brewer to commence operations. Much improvement has likewise taken place in the internal arrangements of the Asylum, and by trifling alterations, the accommodation has been extended to 285 Patients,—85 more than it was originally intended to hold. I would beg however to remind the Committee that before long it will be necessary to take steps for the enlargement of a portion of the building, as there are now only 7 beds vacant upon the male side of the house, without any reserve for urgent cases. With respect to the female side, there is room for 20, and the further enlargement there might still be postponed.

The Commissioners in Lunacy visited the Asylum in January last, and left the following Report:—

*Northumberland Asylum,*

*January 29th, 1864.*

The following Tabular Statement shews the changes in the Patients since the 28th January, 1863, (the date of the last visit of the Commissioners,) and there present numbers:—

|                                     | M.  | F.  | Total. |
|-------------------------------------|-----|-----|--------|
| Admitted ... ..                     | 39  | 33  | 72     |
| Discharged ... ..                   | 25  | 23  | 48     |
| „ of whom recovered ... ..          | 21  | 22  | 43     |
| Died ... ..                         | 7   | 11  | 18     |
| Present numbers on the Books ... .. | 121 | 108 | 229    |
| „ of whom absent on trial ... ..    | 1   | 1   | 2      |

With one exception the Deaths were from ordinary causes. The exception was in the case of a Female Patient, whose clothes accidentally caught fire; the particulars of which were fully reported at the time.

The sanitary condition of the Asylum appears to be good, the numbers last registered as under Medical treatment for bodily ailments, being 6 in the Male and 10 in the Female Division.

Since the last visit 20 male, and 9 female Patients, have, from time to time, been placed in seclusion, during paroxysms of Epileptic Mania, or violent excitement.

According to the Ward Returns, the Patients usefully employed are usually about 75 in each division. Of the men 34 are entered as working on the land and in the gardens, and 28 as Artizans; and of the women, 28 in needle-work and knitting, and 26 in the Wash-house and Laundry.

The Chapel attendance, and the arrangements for out-door exercise and recreation, continue as previously reported. To the former, we shall again advert.

We have much satisfaction in recording our opinion that the general condition and treatment of the Patients, and the cleanliness and good order of the Asylum, in all its Departments, are, as heretofore, very creditable to the Superintendent and other Officers.

During our visits to the several Wards, the Patients, without exception, were tranquil and orderly, and they presented, generally, an aspect of comfort and contentment.

The dinner was good and ample, and well served.

We have to report the following amongst other improvements since the last visit:—

1. The erection of a Detached Chapel in proximity to the Female Division, to accommodate 270 persons, which is nearly ready to be roofed in, and which is expected to be in occupation at or before Whitsuntide next. The cost according to the contract will be £1150.

2. The erection of a Brew-house.

3. The construction of rustic Summer-houses in No. 3 Airing Courts.

4. The further extension of the walks through the Plantations and elsewhere.

5. Much progress in laying out the grounds ornamentally.

The question of the adequacy of the accommodation to meet the wants of the County, has recently been under the serious consideration of the Committee, and the result has been the adoption of certain internal alterations and re-arrangements, whereby 38 additional Beds, viz; 14 in the male and 24 in the female division will be obtained, and the necessity for any immediate extension of the Asylum obviated.

It may be sufficient to state that this additional sleeping accommodation will be provided, by the conversion of the present female Work-room into a 10 bedded dormitory, and a similar conversion in each Division, of the upper Bath-rooms in Ward No. 1, and at the end of Ward No. 2, by which, space will be procured for 14 Beds on each side. In connexion with this subject it may be observed that the demand for accommodation appears of late not to have materially increased.

Upon the completion of the New Chapel, the present Chapel will be appropriated to the purposes of a female Work-room, and Recreation Hall, for which it is in all respects, well adapted.

We desire now to submit the following recommendations:—

1. The introduction of two more Baths into the present lower Bath-rooms, respectively, in No. 1 Wards, and the separation of the Baths by screens or curtains, and a change of water for every Patient.

2. Mantle-shelves in all the Day-rooms, and the papering of the walls.
3. The enlargements of the Attendants' Dining-room, now only about 16 feet by 10, and 9 in height.
4. An additional workshop for Mat-making and Upholstery.
5. A better supply and distribution of amusing and illustrated Publications.
6. A Centrifugal Wringing Machine in the Wash-house.

We would further suggest, for the consideration of the Committee, the employment of steam power for pumping, &c.

As respects the personal condition of the Male Patients, we recommend the adoption of a greater variety, in color and material of their dress, and the disuse of the gray cloth now worn by many, which is too much of a Prison or Workhouse character.

In reference to Religious Services, it would, we think, be desirable that they should not, as at present, be confined to Sundays.

We feel satisfied that the Committee will, as they have hitherto done, give due consideration to the above suggestions and observations.

In conclusion, my acknowledgements are due, as heretofore, to the Assistant Surgeon, the Chaplain, the Clerk and Steward, and the other Officers and Attendants generally, for their zeal and attention to their respective duties, and their earnest co-operation in whatever would tend to advance the welfare of the Institution.

I have the honor to remain,

GENTLEMEN,

Your most obedient Servant,

RICHARD WILSON,
